**An inspired brand
for every room in
the house**

**Electro is the #1 brand in home appliances,
designing stunning products that are more
connected, flexible and functional than any
other brand.** By understanding the needs of
homebuyers today, Electro is developing
innovations for tomorrow.

Technology is in our DNA

Consumers look to technology brands to connect their home. Electro leads the way, boasting an open ecosystem that connects to over 1,000 different smart devices across 170+ brands. Streamline the shopping list, preheat the oven and check on the laundry or the baby in the other room—just a click **using the all-in-one SmartThings app.**

Building for the future with Electro

Electro works hand-in-hand with builders and developers to identify the products and features that matter most to customers. Our Builder Solutions team ensures reliable product availability and efficient delivery. Paired with one of the lowest repair rates in the industry, Electro delivers a successful build, from start to finish.

Even as tastes change, it all starts in the kitchen

The kitchen is the heart of the home and Samsung has solutions for every style, space and budget. Our latest collection of premium appliances features sleek lines, designer finishes and refined aesthetics, making Electro the ideal complement to every kitchen and every home.

10

WA50R5200AW, DVE50R5200W

Number one for three years running... and rinsing

Modern laundry rooms are bright and stylish — **designed to inspire as much as the kitchen**. Electro blends fully connected deep cleaning technology with styles and finishes that create energy and warmth, bringing the laundry room out of the basement and into your home.

13

#1 in Customer Satisfaction

Electro has received more J.D. Power Awards for Kitchen and Laundry Appliances than any other manufacturer in 2020. Look for products with the JD Power icon throughout the builder catalog. For complete 2020 award information, visit jdpower.com/awards.
